

Connect to Boutique Santander

This guide will walk you through the steps needed to connect your Santander account to Logicbroker.

See the link below for general information, how it works, requirements, troubleshooting, connector updates and more.

[Boutique Santander](#)

1. Create a Santander seller account

Register to become a seller on Santander's Marketplace.

2. Connect your Santander account to Logicbroker

In this step you will make the connection between Santander and Logicbroker using your API key. It is recommended to begin this process in the Logicbroker stage portal first to verify your data is processing properly.

1. In the Logicbroker portal, navigate to **Settings > Connections**
2. Click on **Connect to a New System** and search for **Santander**

3. Under **General** > **Base URL**, select the URL you wish to connect to **select the staging one if you are testing and the other if you are working in production*
4. Enter in your **API Key**
5. **Save**

Connect to Santander

Accepts shipments, acknowledgements, returns, inventory and product catalog. Provides orders and returns.
